Message from Commander Smalley:

January 2008

HAPPY NEW YEAR! Have you made your resolutions? The commander has several, for myself and for the squadron. First, I am going to count my calories in the quest to reduce my weight. Next, I am going to reduce my time sleeping on the couch. Exciting, right?

These are my resolutions for the Mid-Hudson Power Squadron. First, I want to look for other avenues of advertisement. Also, we need to expand our involvement with other boating organizations, inviting them to our guest speaker meetings or offering seminars at their facilities. We need to concentrate on making a return on our investment of educational materials. These are all food for thought and I would welcome all members to brainstorm ideas then share them with the bridge: the commander, executive officer, administrative officer or your favorite member. Many brains make better

ideas. This next year brings new challenges. We all need to work together.

December was a celebration of birth and a very special life. We celebrate the New Year, and Christians celebrate the birth of Jesus. We also celebrated the life of one of our members, Christine Rhodes. Chris passed away on December 17, 2007 at home after a long battle with cancer. The Mid-Hudson Power Squadron held a memorial service on December 21 at the funeral home during visiting hours. Seventeen members of the Power Squadron attended and the following members were readers during the service: Stu and Jackie Steagall, Barbara Grey-Black, Jan Silver and myself. The family was very pleased that we honored Chris in this service. Thank you to everyone who took the time from a very busy season to support Christine's family.

The squadron has some fun meetings on the schedule. January is our sharing meeting where we bring pictures of our boating or non-boating adventures this past year. We enjoy a pizza together and view albums or projections of pictures. Please plan to attend this meeting. Details are in this issue of the Foghorn or contact Ed Sugg, Administrative Officer.

So be careful underfoot. After two days of snow removal the Commander is a bit sore. Hopefully this winter will pass with ease for everyone and we can anticipate a spring and summer full of boating, classes, fun meetings and friendship. Hope to see you at our sharing meeting on January 16.

Keep warm,

Commander Pat

Happy New Year
2008

HAPPY NEW YEAR AND KEEP ON LEARNING.

We are planning to start a **SEAMANSHIP** class in March of 2008 please contact me if you want to attend. The instructors will be Cmd Pat Smalley AP and P/C Ernie Klopping AP and your SEO will be there to kibitz.

Besides the Squadron Boating Course and Americas Boating Course

We have 6 seminars to teach to the public;

“BOAT HANDLING UNDER POWER”

“USING VHF & VHF/DSC RADIO”,

“USING GPS”,

“HOW TO READ A CHART”,

“SAIL TRIM”.

“ON BOARD WEATHER FORECASTING”

We will teach the Seminars to **ANY** group that can assure 10 students or more at any location in the Hudson Valley. Please canvas your other clubs for any interest in the above Seminars. Contact P/C John C. Kwak, SEO, for details 845-255-5318 (jckwak@earthlink.net)

It is now time to start planning for our Spring Boating class and we need help. We need a team with a leader that is a certified instructor and some proctors. Please contact me if you would like to help. We are also looking for locations in our area to host the course at no cost to the Squadron

Our January 1st 2007 NautiBender problem is.

“Which of the following sea conditions would offer the most comfortable ride in heavy weather”:

Answers: **a head sea; from broad on the bow; a beam sea; a quartering sea; or a following sea.**

Find the answer elsewhere in The Foghorn.

Message from the *FOGHORN* EDITOR:
The power of the pen.

Happy New Year.

The very best to all for a healthful, prosperous, and safe 2008. Boating season is just a short winter away! Are you moving? New cell phone? Got married?

NEW EMAIL ADDRESS? Want us to know? Please let us know. MHPS painstakingly attempts to keep your information correct and up-to-date. We need your help so we can continue to invite you to meetings, inform you of educational courses, boating information, and, of course, send you the FOGHORN. When you call or write, please ask what can we do for you.

Message from the MHPS Nominating Committee:

The Official Nominating Committee Report will be filed with the squadron secretary on 10 February 2008. There is still time, but time grows short. If you intend to serve your squadron as an elected officer, and you wish to be recognized at the change of watch on 19 March 2008, please let us know. We are open for business 24 hours.

- Electric light patented, 1880
 - "On January 27, 1880, Thomas Edison received the historic patent embodying the principles of his incandescent lamp that paved the way for the universal domestic use of electric light." - Source: www.ourdocuments.gov/doc.php?flash=true&doc=46 Editor's Comments: A deal was soon struck with such organizations as Central Hudson Gas and Electric and New York State Gas and Electric that would result in high customer billing and low customer service—the rest is history!

- Samuel Morse first demonstrated the telegraph on January 6, 1838. Editor's Comments: This paved the way for Sam to hook up with his pal Alex who would invent the telephone years later in 1876. The problem was that Alex had no one to call!

- Transatlantic telephone service began, 1927 on January 7. Editor's Comments: Everything went well until a giant ocean liner with a rather long anchor rode dragged the bottom of the sea. The resulting aggravation in dragging your anchor lead the way to send future telephone calls across the sea by satellite.
